Heated Race Stays Cool At Showing

by KAREN WILTBURGER

A heated race for seats on the Grass Lake School Board is coming to a boil as candidates politically run against each other in two groups, a candidate from each side says.

The ballots are split in half with a total of eight candidates running for four four-year terms and two vying for one two-year term.

One candidate, who asked not to be named, said the race has gotten out of hand. "If I had to do it over, I would have run by myself. I am sorry this race has gotten so out of hand. There were no intentions of this becoming such a two-sided deal."

The candidates are divided with primarily the incumbents on one side and the challengers on the other. As muddled as it appears, candidates on each side said the primary issue is whether or not to support the superintendent, who had attempted to consolidate Grass Lake and Lotus grade schools last year.

A candidate (challengers ticket) said the group has banded together mainly because it is against merging the two districts, which they fear to be the intentions of Supt. Richard Hogan, also the superintendent for Lotus School.

At a staged "Meet The Grass Lake School Board Candidates" night Oct. 24, however, the incumbents (on the other ticket) said they do not support consolidation, saying it has already been shot down once by the public. One candidate said Hogan has accomplished much for Grass Lake School, and

54 Students Win Pumpkin Contest

Fifty-four winning pumpkin posters, created by Antioch grade school students for the State Bank of Antioch annual decorating contest, are on display in the bank lobby through Halloween Day.

Alicea Meyer, eighth grader at Faith Lutheran School, and Jay Bruski, seventh grader at Emmons School, each receive an indoor/outdoor portable tv with AM-FM radio, awarded for their Grand Prize posters.

Contest judges, Sarah Redd and Sue Towns, Antioch High School art instructors also selected the following winners:

Happy Halloween

Halloween Trick or Treating hours in Antioch will be from 4 to 7 p.m. on Thursday, Oct. 31.

For children's safety, trick or treaters should go only to houses that have porch lights on, signaling they are welcome. Be careful and have a safe and happy Halloween!

Incumbent TOM FISHER, who was appointed to the board when Tony Starcevic resigned, is 38 years old, married, has four children, two presently attending the high school. Fisher and his family have lived in Antioch for nine years. He has been on the Antioch Police Dept. for 10 years, presently serving as its lieutenant. He wants to remain on the board because, "I'm open minded, feel I can make the right decisions that will benefit the community and the students of Antioch High School."

Four-year veteran board member JULIE PORTALSKI, 42, has lived in Antioch for 36 years, graduated from both St. Peters and Antioch High School. She is married and has four daughters, two of which are attending

Five Run For 4
Seats At Emmons

Five candidates are seeking four four-year terms on the Emmons School Board.

Seeking positions are incumbents Pamela Pierson, Alice Gantar and Richard Ruck along with challengers Clair DeMartini and Philip Kahl.

Incumbent Ann Kaiser will not seek re-election.

Four candidates seek four four-year positions on the Antioch Consolidated Grade School Dist. 34. They are incumbents Phylkis Zora, Roy Pomrenig, Bruce Jablonski and Ed Haley. Clint Glover, who has a four-year seat, is on the ballot for an unexpired two-year term.

Entertainment To Begin In 10 'Footlights' Rooms

Ten classrooms at St. Peter's School in Antioch are on their way to becoming the stages for continuous entertainment for two consecutive weekends of Footlights on Nov. 1 and 2, and 8 and 9.

As one walks through the various rooms, they will find themselves in distinct atmospheres. And that's what makes the event so unique, says publicity chairman Laverne Nauseda. The performance assimilates to the room decor, and the people can actually feel as if they are part of that scene, she says.

In the last three years, Footlights has attracted 6,000 people. But Nauseda says she is hoping the school will attract even more than the previous 2,000 annual Footlight-goers.

The room decors this year start out with a Main Food Room entitled "On the Waterfront." People can purchase one of four gourmet meals, and dine to the sound of soft piano entertainment.

The next room, "Tricks," will feature an illusionist, which leads to the "Best Little Chicken Ranch in Antioch" room. A selection of Western country dancers and musicians will entertain their visitors.

A large group of entertainers will provide the Dixie atmosphere of the Dixie Band room. Bill Bailey's Banjos, who has played at Chicago Fest and the Illinois State Fair, will star in the show. The Sweet Adelines will (Continued on Page 15A)

Dist. 34 Approves Final 85-86 Budget

The Antioch Community Grade School Dist. 34 Board of Education Oct. 15 approved a final 1985-86 budget that increases spending by 6.6 percent.

The budget allocates an additional \$574,000 to the site and construction fund for projects, which will be paid off in two years.

The budget, excluding the site and construction fund, is \$4,945,621 over last year's \$4,091,731.

To support the budget, the board approved a nearly 5 percent 1985 property tax levy. The levy will provide \$2,794,628 (or about 71 percent) of the school's budget.

Supt. Donald Skidmore said he expects taxes for the school to remain about the same for the next two years. The bulk of the total budget increase (14 percent), including the construction and site fund, is to pay off the bonds for the construction of the W. C. Petty Elementary School and the renovation of the heating and air-conditioning system in the Antioch Upper Grade School.

The yearlong \$780,000 renovation project is expected to be finished in the next few

weeks, Skidmore said. The new system will replace a 15-year-old electric system that has a life expectancy of 15 years. The new system, which is cheaper to operate, will pay for itself in seven and one-half years, Skidmore added.

The board also agreed that eighth-grade graduates wear disposable robes to graduation at a cost of \$10 each. The purpose is to reduce the costs for parents whose children are involved in graduation.

Sign Up For Dance Class

Antioch Parks and Recreation is seeking people for a dance class on Tuesdays from 5:30 to 6:30 p.m. at the Antioch Scout House on Main St.

The class of ballet, jazz and tap will be taught by Nancy Juchta, who teaches a Saturday morning dance class.

The cost is \$16 for a four-week class. It begins Nov. 2. To sign up call Parks and Recreation at 395-2160 between 8:30 a.m. and 5:30 p.m.

County Tourism Needs Promotion

More than 10 million people visit 25 attractions in Lake County each year—and that's without a major marketing campaign, a consultant told Antioch Chamber of Commerce and Industry members Oct. 24.

With a push to promote tourism in Lake County, the area tourism would increase easily by 25 percent, said Lynn Mallery, consultant to the nearly year-old Lake County Illinois Convention and Visitor Bureau.

Antioch is one stop Mallery has made to inform Lake County municipalities about the visitor bureau, which has one thing in mind—informing Illinois residents as well as those from surrounding states (about a 400-

mile radius) that there is a place worth visiting north of Chicago and south of Lake Geneva. And that's Lake County.

Carol Badame, Antioch Chamber of Commerce and Industry president, said it is important for Antioch to become involved so that some of the funds for Lake County filter toward it.

"It's vital that some of the funds be allocated in western Lake County," Badame said. "We need people to know what's actually out here. The more visitors we get the more upgraded the area will become."

The bureau has the potential of receiving \$250,000 in matching state funds in 1986 (the other half must come from the bureau),

Mallery said. To raise funds, the bureau is seeking business donations and possible dividends from Lake County hotel and motel taxes, he said.

One of the most important goals, Mallery said, is to divert the flow of Rte. 12 traffic from Lake Geneva. The bureau is interested in having a tourist information center there as well as other locations in the county, he said.

Wis. Bars Not Blamed

by GLORIA DAVIS

The Illinois Supreme Court set a ruling on Oct. 18 that Wisconsin bar owners cannot be held legally responsible for serving alcohol to anyone who crashes in Illinois as a result of drinking over the state line.

The highest court in Illinois established that Wisconsin bar owners were not bound by Illinois' dram shop law, under which bar owners in Illinois can be held culpable for people that drink in their establishments.

The case was a culmination of a lawsuit against Gil Meisgeier, owner of Horsin' Around and the now defunct teen bar, Rocket North, both located on Hwy. 83, just inside the township of Salem.

year old youth from Zion, was located in Seattle last week, the sheriff said.

"Communications between Miss Gerhke and our I-SEARCH Unit have been established", Babcox said.

"We are trying to work out other details with the Seattle Police Dept. who have confirmed her whereabouts", he added.

After an appeal to the public through the news media, the Lake County I-SEARCH Unit received information and subsequently, contact was made with Miss Gerhke.

The other three missing youths are still being sought. They are identified as Meghan L. Holcom, age five, of Mundelein, Michael R. Kiley, age 18, of Antioch, and James W. Melock, age 15, of Waukegan, Babcox said.

Chain O'Lakes Orchestra Rehearses

Chain O'Lakes Orchestra members and their conductor Georgia Cobb are hard at work preparing for the gala evening planned by the Chain O'Lakes Cultural Arts Assn. on Saturday, Nov. 16, at 8 p.m., at Grant High School in Fox Lake.

During their portion of the program, they will play popular music selections, such as selections from "The Sound of Music" and "The Entertainer," and will be joined by guest soprano Pamela Gordan on "You'll Never Walk Alone."

This special musical evening will also include refreshments and dancing to the "Big Band Tunes" provided by the Wolves of Lindenhurst who are members of the Chain O'Lakes Orchestra and also have a family dance and show band which the Guinness Book of

Records lists in its files as the largest single family band in the world.

The Chain O'Lakes Cultural Arts Assn. plans to use the proceeds from this

event to start a musical scholarship fund. The year's scholarship has been awarded to young composer Stephen J. Wolff, who has written a full-length symphony for the Chain O'Lakes Orchestra entitled "Chain O'Lakes Suite for Orchestra" and has dedicated it to Georgia Cobb and the orchestra.

The Christmas crafts that women have hand made are gorgeous and are on sale. There will be cakes and other delicious bakery goods on sale. We will also have a White Elephant sale, a Plant sale and a give away. The prizes for the give away include a new 13" Color TV, a \$50. Savings Bond, two afghans, an electric frying pan, book shelving, and more. Everything is new.

Stop down to visit and have a good time at the bazaar. It is located at 817 Hobek Dr., behind the Fire Station in Antioch.

Condell Sponsors Programs

The Run For Your Self program, sponsored by Condell Memorial Hospital, begins Monday, Nov. 4. This free program, which will continue through April, offers a warm, dry and well-lit place for area residents to walk, jog or run during the winter months.

Held at the gym in Libertyville High School's Brainerd Building, Run For Your Self is an unsupervised program. Registered participants may use the inside track facilities from 6:30 to 7:15 a.m. Monday through Friday, 6:30 p.m. to 9 p.m., Monday through Friday, or from 8 to 11 a.m., Saturday.

To register for Run For Your Self, participants must present a note from their

physician to the public relations department at Condell Memorial Hospital. This note should state that the participant is in appropriate physical condition to exercise without supervision. On

ce registered, each participant will receive a special tag which is worn on a running shoe while at the gym. This tag identifies the Run For Your Self participants.

Country Western Bands Set Michaelson Benefit

Local country band leader, Paul Darling is spearheading a country music jam session to be held for the benefit of John Michaelson starting at 2 p.m. on Sunday, Nov. 10, at the Relief Pitcher on Old Skokie Rd. in Park City.

For years the Gagewood Lions Club had a country music festival under the direction of Michaelson with the proceeds going to help the visual and hearing impaired in the area.

Darling has decided to do a turnaround on Michaelson and hold the festival this year to raise money for a motorized wheelchair to add to Michaelson's mobility.

This event is set to replace the festival usually held at the home of the Gurnee Legion.

In wanting to help a man who has worked for years to help the handicapped many country western bands will be on the program to help raise money to pur-

chase an Amigo (chair on a motor scooter) to provide Michaelson with more independence.

Having worked at Lakeland Newspapers for 10 years, he is now a sports and news writer for the Zion-Harbor News. Admission to the festival is a \$2 donation.

CLC To Delve Into Death

In the pre-dawn hours of Sept. 17, 1849, Edgar Allan Poe boarded a steamer in Richmond, bound for New York. Forty-eight hours later, the ship docked in New York, but Poe was not on board.

"Goodnight, Mr. Poe," a one-man performance by Scott Keely is a dramatic interpretation of what might have occurred on the night of Oct. 2, 1849, the night before Poe was found, delirious and raving, in a Baltimore tavern. He was to die five days later, never having regained consciousness.

"Goodnight, Mr. Poe," will be presented Nov. 2, 8 p.m., in the Orange Court of the College of Lake County (CLC) Grayslake campus.

Admission is \$2 in advance, \$4 at the door. CLC students, staff and alumni are admitted free. Advanced tickets are available at the building one ticket window on the CLC Grayslake campus, the Lakeside Center, 111 N. Genesee St., Waukegan and the Southlake Center, 1860 First St., Highland Park. For more information call (312) 223-6601, ext. 300.

Lone Gunman Robs Salem Branch Bank

For the second time since it opened in the early 1980s, the First Bank Southeast, Salem Branch was robbed at gunpoint by a lone gunman.

According to Lt. Lee Ormson of the Kenosha County Sheriff's Dept., the gunman approached a teller at approximately 1:30 p.m., on Oct. 24, holding a small automatic hand gun and gave her a bag to fill with money.

Reports are that the robber got away with \$10,000 or more and drove south on Rte. 83 in a 1977-78 brown Cadillac Coupe with Illinois license plates.

Unlike the last robbery, the bank's cameras were working and the sheriff's

department is developing pictures of the gunman.

He is described as being 35 to 40 years old, between five-feet eight and five-feet 10 inches in height, weighing 200 pounds and having a salt and pepper moustache.

He wore dark sunglasses, a "stylish" straw hat and a plaid flannel shirt.

PTO Thanks Volunteers For Haunted House Success

by ARDEEN HARRIS
(312) 395-2761

Well, Happy Halloween! A special note to Pat Priller. Today is Halloween, and the last night of Haunted House. Now you can finally relax! Pat would like to thank everyone for all their help in making the 1985 Grass Lake PTO Haunted House such a success. Names of all those who helped will be following in a future column.

What a great turnout last weekend for the Antioch Homecoming parade! Grass Lake was really well represented with the scouts, Haunted House, twirlers and even a political car. Did you happen to catch the gorilla sitting on top of that little car? "Don't Monkey Around" vote for Paul Kitto, Judy Hansen, Don Fechtner, Carl Dunford and Mike Christopoulos, for Grass Lake School Board." Tiffany Christopoulos was one of the lucky ones to ride in a convertible this year with her National Champion AYOP group and teacher Alice Brownlee. What a trophy those girls received. Kathy Harris and Julie Folke led the twirlers who were marching and they lead the potential twirler champs who are presently in Alyce's park district group.

Little Jenny Hart stole the show with her baton and star that said "That's all folks." Jenny really got into the swing of the parade and even told her mom, Dorothy, that she could march by herself. The Brownie Troop 1366 and Junior Girl Scouts had a really nice float decorated with little angles. The girls followed the theme of the parade. "Heaven" and the girls rode in a cloud car float made by the Junior Brownies. The Brownies were: Kendra Charts, Tara Christopoulos, Kristen Franzen, Sarah Harmon, Cynthia Jones, Jennifer Lentine, Lori Morreale and Sandra Weibel. These girls will receive their Parade Patch. The other Brownies participating were Sandy Benes, Jamie Brausam, Kelley Brausam, Beth Boerman, Laura Edelman, Kari Fehrenbacher, Lisa Priller and Erica Wagner.

The Junior Scouts were: Jenny Brausam, Aimee Kitto, Kathy Benes, Amy Dogan, Beth Enright, Alicia Lundgren, Amy Martin, Jenny Mosier, Jenny Rogan, Jessica Stella, Hope Turk, Angie Stricker, and Kristina Flores. The Haunted House float was really represented with Grass Lake people.

The next PTO meeting is scheduled for Nov. 6. The revision of the by-laws will be voted on. Haunted House report will be given and a report on the Christmas Bazaar will be presented. This meeting will start at 7 p.m. Remember to mark your calendar for the Christmas Bazaar scheduled for Dec. 1 from 9 a.m. til 3 p.m. Breakfast with Santa will also be on this day from 9 a.m. until 1 p.m. Be sure to give Linda Boerman a call at (312) 395-8059 if you are interested in helping out with some Bazaar workshops. Also give her a call if you have anything to donate to the Bazaar.

November 5 is election day. This is the day for

voting for the Grass Lake District School Board. Everyone remember to be having their next meeting on Nov. 11 at 7:30 at the State Bank of Antioch.

Along the way with ANNIE MAE

I know it seems impossible because she looks so young, but McDonald's Chris Kellogg is a grandmother! Stefan Earl Ballinger was born Sept. 30 in West Germany to Carrie (Kellogg) and Earl Ballinger weighing seven pounds, six-and-one-half ounces. Grandparents are George and Chris Kellogg, June Gulbransen and Earl Ballinger. Next time you see Chris, look close. Maybe you'll find a wrinkle!

I received a beautiful poem written by a lovely lady from Oakwood Knolls in memory of her husband of 56 years. It is true positive expression after a painful loss and a long time of caring for a terminally-ill husband. I wanted to share her creativity with you:

The Golden Years

by Patricia Chapman

You are my husband, I am your wife
Loving, sharing, tasting of life.
Most memories happy ... some of them sad
Dealing with life with what we had.
You are mine ... I am yours
The calendar says it is fifty-six years.
Let's take credit ... as we take our bows
Marriage was sacred as we took our vows.
Here's a toast ... as we sip our wine
To being together on cloud no. 9.

Chris Kellogg has informed me that once again McDonald's is giving a free coupon for anyone bringing in food for their food pantry. This is such a great thing and McDonald's is one great company! Don't forget to gather up a few things for the needy. Also, anyone with toys--don't throw them out! You can bring them to Antioch Parks and Recreation at the Village Hall and they will be distributed at Christmas time as well.

Here we are already thinking about Christmas and it isn't even election time yet. You can tell it is around the corner though as all of the signs and posters are out. I bet this is the first time Tom Fisher's picture has been on a poster--the Antioch Police Lieutenant is running for the high school board. Did you hang one at the post office Tom? Now you know how those poor crooks feel! Good luck in the election!

Wasn't the Homecoming Parade beautiful! That was a very nice parade and they chose the right theme--heaven. As the parade began the sun came out!

the candidates on the ticket fear the challenging side is out to oust him.

That statement was disputed by the challenging side.

One ticket consists of incumbents Wayne Cramer, James Zegler, Mary Beth Walsh, Robert Mattson along with newcomer John Handschiegel (two-year seat).

The other ticket consists of challengers Donald Fechtner, Paul Kitto, Carl Dunfrund, Michael Christopoulos (2-year seat) and incumbent Judy Hansen.

Despite the division of candidates, both sides are out to do what they think is best for the district, candidates say.

At the staged event, candidates read answers to several pre-picked questions that were selected by a group of concerned citizens.

JAMES ZEGLER, a five-year board member, says it is up to the public wher to consolidate. He is in favor of raising taxes (it's been 12 years) before cutting programs.

MARY BETH WALSH, an 11-year board member, says she would like to keep Grass Lake its own district, but the decision is the state's. She will continue careful budget spending.

PAUL KITTO said staff should be evaluated every quarter by the superin-

tendent. He sees no advantages in consolidation, and would fight to financially keep Grass Lake its own district.

ROBERT MATTSON, an 8-year board member, would try to keep Grass Lake financially secure to stay its own district.

JUDY HANSEN, a two-year board member, says she would rather see Grass Lake consolidate within the Antioch school districts than merge with Lotus School.

DONALD FECHTNER says if a deficit approaches, the board would have to look at three alternative cut services, increase taxes or create a unit district. He wants to see Grass Lake remain its own district.

CARL DUNFRUND supports a parent-teacher effort for discipline. He said he would stretch budget dollars before raising taxes.

WAYNE CRAMER, a current board member, says he is in favor of an Antioch unit school district to decrease costs and better get children ready for high school.

MIKE CRISTOPOULOS says he favors a unit district over merging because it would have more power, more equipment and all grade schools would have the same courses before high school.

JOHN HANDSCHIEGEL says he would trim classes before raising taxes.

working at Grayslake High School in the attendance office. She wants to retain her board seat because, "I'm a concerned parent and taxpayer who is interested in the community."

After more than 13 years on the board, GLEN MOORE, 50, wants another chance to "bring my experience in helping with legislative changes that are going on and also helping the new administration."

Incumbent MIKE ZEJEN, 40, an Antioch native was appointed to the board to replace Betty Meyer. He works for Commonwealth Edison and thinks that, "being on the board is a civic duty. I want to help keep up the good educational standards that are now in

existence."

Challenger RUSS LEHN, 49, is the manager for pricing operations of the pharmaceutical department of Abbott Labs. He would like to be on the board because, "I think my background can contribute to the overall policy making of the board."

Challenger ELIZABETH BATES wants to work on improving the educational standard at the high school. "It's good now but there is always room for improvement and I'd like to be a part of it," she said.

Larry SWIOLA, 38, would like to get involved in the board to "open communications between the board, the teachers and the students."

St. Therese Hospital To Offer Workshop

St. Therese Hospital will offer a free six-session workshop, beginning Nov. 5, to benefit people who are responsible for the in-home care of an elderly or chronically ill loved one.

The series of six programs offered at the hospital is designed to help family members cope with the physical, emotional and financial challenges of caregiving in the home.

Instructors are healthcare professionals who have many years of experience in caring for the needs of the ill/elderly and their families. Some of the topics covered include: understanding the process of aging; dealing with the stress of illness; home care skills (demonstration and practice); save techniques for moving/walking; The first session will be on Tuesday, Nov. 5. Others are

Thursdays through Nov. 21. Classes will meet in the hospital's education classroom from 6:30 to 8:30 p.m.

Registration is due by Friday, Nov. 1. For more information or to register, contact the hospital's education department at (312) 360-2702.

Lakehurst Slates Cheerer Contest

Several area high schools will compete this week for several hundred dollars in prizes and trophies in Lakehurst Mall's Second Annual Cheerleading Contest. The preliminary competitions will begin at 7:30 p.m. on Thursday and Friday, Oct. 31 and Nov. 1.

Schools scheduled for Thursday's preliminaries are North Chicago, Waukegan East and Zion-Benton Township High Schools and on Friday night will include Grant Community, Libertyville and Wilmot High Schools.

Zion-Benton cheerleaders will once again defend their title since they have claimed the first place prize in the first two annual competitions.

The three cheerleading squads scoring highest in the preliminaries will return on Sunday at 1 p.m. to compete in the finals.

Judging, which is being handled by the College of Lake County Cheerleading staff and their advisor, Karin Lawrence, will be based on difficulty and originality, showmanship and presentation, timing and control and appearance.

The contest will take place in the Mall's Center Court. Preliminaries on Thursday and Friday, Oct. 31 and Nov. 1, at 7:30 p.m., and finals at 1 p.m., on Sunday, Nov. 3. Lakehurst Mall is located at Belvidere (Rte. 120) and Waukegan (Rte. 43) Rds. in Waukegan.

To Hold Fashion Show

Jack's Four Squires and Johnson Jewelers will put on a holiday fashion show to help meet the scholarship budget for the Antioch Woman's Club. It will be at 7:30 p.m. on Wednesday, Nov. 5 at the Antioch High School Commons.

The show will be followed by coffee and dessert. There will also be a bake sale with holiday cookies and a handmade holiday craft sale.

County Clerk's Office Looking For Judges

The Lake County Clerk's office is always looking for people interested in becoming election judges, reports Lake County Clerk Linda Hess.

"We have almost 400 precincts in the County, and each precinct requires five election judges on election day. That's nearly 2000 judges needed for county-wide election," she said.

"We are trying a special way to recruit new judges. We have developed a brochure describing the duties, training, pay, etc. of an election judge and have sent them to various public locations, such as township and municipal offices, park districts, libraries, and senior citizen centers throughout the County. An application is also part of the brochure," Hess said.

"We hope people will see these brochures when they are visiting the various office and will take them home to read. And even more so, we are hoping they will send us their applications. Already our office has seen some response to these brochures. We have received several ap-

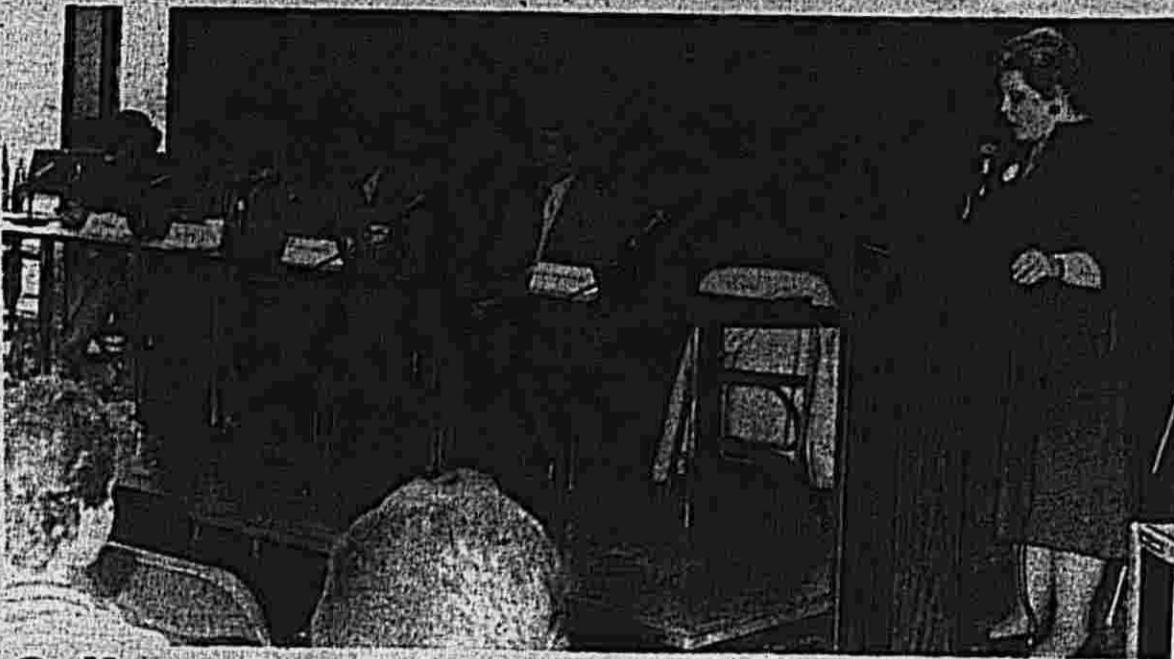

plications from people interested in assisting the election process on election day," she noted.

"Even if we have a full 2000 election judges, more are needed to fill in when someone cannot serve for one reason or another. So,

please, pick up a brochure when you see one and send us the completed application," asks Hess.

Any additional questions about becoming an election judge should be addressed to the Elections Dept. at (312) 689-5928.

College Candidates

Melody Brown of Round Lake Beach addresses candidates' forum at College of Lake County in connection with board of directors election Tuesday, Nov. 5. ting, mailing and distribution of the annual report cost the taxpayers \$20,605.

Conceding that the mailing was the most extensive distribution of the college's annual report in history, Anderson denied that there was any political motivation behind the mass mailing. He stated that it was customary for CLC to distribute the annual report in October.

Anderson contended, "We don't plan things according to board elections." He emphasized that a Gallup Poll Survey stressed the necessity to publicize the achievements of the college in order to curb declining student enrollments. Anderson maintained, "The college story has to be told."

He also pointed out that the pamphlet had praised challenger Melody Brown's contributions as a CLC student leader. (Currently, Brown is enrolled at Lake Forest College majoring in philosophy.)

Lumber said that he was unaware that "my picture was being taken" for insertion into the annual report. Challenger Brown also defended the mass distribution of the pamphlet. She asserted, "I think it was a public relations decision. Literature is going out to the community to celebrate CLC. I don't think it was unfair."

Then former Lake County Board Chairman, Ron Coles, was subject to a barrage of hostile questions regarding his past political record. Coles was Lake Villa Twp. supervisor and Lake County Board member from 1965-1977. He was Lake County Board Chairman and Liquor Commissioner from 1971-1974. In 1976, Coles was convicted of accepting \$800 in campaign contributions from two tavern owners while serving as liquor commissioner. The Federal Court ruled that he was

other features of the Coles' candidacy."

Another questioner asked Coles about local news item where he allegedly "lied" in a request for federal grant in order to secure an emergency vehicle for Lake Villa Twp. while serving as supervisor. Coles conceded that he represented the independent rescue squad as part of the township government in order to obtain the vehicle.

Coles said his township was poor, and desperately needed the equipment for the welfare of his constituency. The questioner asked, "Do you stretch the truth in order to get your way?"

This exchange prompted Anderson of Grayslake to assert that over half of the GLC \$35 million budget came from state and federal grants. Anderson maintained, "We try to do it with the utmost integrity. Now, I'm not saying Mr. Coles doesn't have integrity."

Finally, Harnish was asked whether or not her election would constitute a conflict-of-interest because her husband, Frank, is a CLC faculty member. She asserted that "legally there is no conflict."

A Strategic Purchase

After one of the most bitterly-fought political battles in the history of the Lake County Forest Preserve District, Brae Loch Country Club is about to become part of the county's forest preserve system—finally. Closing formalities are all that stand between the owners turning over the key to President Don Strenger.

Brae Loch's acquisition will loom large in importance as the years pass. Purchase of the 18-hole course gives the forest preserve district a second well-situated, highly playable recreational facility, Countryside Golf Club at Mundelein being the other one. Brae Loch is strategically-located and will provide much needed open space in a sector—the intersection of Rtes. 45 and 120—that is being developed for private, public and governmental/educational purposes. It's not inconceivable that the intersection will some day be comparable to the mushrooming Schaumburg area in northwest Cook County. Fortunately, the county will have 158 acres of prime open space.

It would be nice to think that the con-

troversy surrounding the acquisition of Brae Loch is all part of the past, but that would be asking too much of the politically-charged atmosphere in which forest preserve commissioners operate. What to do with the approximately 50 acres of vacant land that is part of the Brae Loch purchase is sure to generate plenty of debate in the future. Also there are hints that some commissioners will be less than enthusiastic about voting funds for needed repairs and improvements at the sports center located between the College of Lake County and the Lake County Fairgrounds. We hope foot-dragging doesn't turn out to be the case.

Not to be overlooked in the final deliberations of the Brae Loch acquisition was the effort exerted by President Don Strenger to make the best possible deal for the taxpayers. Strenger made sure that the county price was the same as what the golf course owner had been willing to sell to a private buyer. This proved to be a \$100,000 saving, an amount that can be earmarked for repairs and rehabilitation that won't cost the public a cent!

Seatbelt Opposition

It is amazing how two Democratic candidates for governor are falling over each other in attempt to outdo the opposition. Atty. Gen. Neil Hartigan, who once supported the new Illinois Seatbelt Law, changes his mind and comes out against buckling up so former U.S. Sen. Adlai Stevenson, who wants to get back in public office, immediately professes his "grudging" support of the law.

Both Hartigan and Stevenson are doing everything possible to position themselves in opposition to Republican Gov. James Thompson who signed the controversial buckle up edict into law. No doubt Hartigan will pick up votes from the considerable hard core opposition to the Seatbelt Law, but in doing so he comes off as a political opportunist and a

rather cheap one at that. Stevenson's "grudging" support merely fortifies his image as a wishy-washy glory seeker.

The facts are all in support of the safety benefits of wearing a seatbelt. Since becoming law July 1, the drop in highway fatalities and serious injuries in Illinois vehicle accidents has been nothing short of dramatic. A powerful coalition of organizations is working hard to make sure there is no back-watering among officialdom on the seatbelt proposition.

We have an idea where Stevenson is coming from on the seatbelt question (nowhere), but we can't imagine what prompted Hartigan to reverse himself. Democrats should be embarrassed.

Letters To The Editor

See Lower Rates

Editor:

If Illinois Bell's proposal to restructure rates in northeastern Illinois is approved by the Illinois Commerce Commission, average suburban customers would see their monthly phone bill decrease by \$1.24 or six percent.

That's a point missed by a recent Citizens Utility Board (CUB) news release.

CUB erred when it said that some Call-Pak services would be discontinued and customers would be forced to buy bigger, higher priced Call-Paks.

Outer Met customers today have a choice of three Call-Paks — 50, 150 or 300 units. The new plan would offer customers a choice of seven Call-Paks — 30, 80, 120, 300, 500 and 1,000 units. In addition, customers wanting to stay with their present Call-Pak 50 or 150 could do so.

Illinois Bell's repricing plan calls for some decreases and some increases, but would not increase company revenues.

Suburban customers would see reductions in charges for calls to communities more than 15 miles away. For example, a ten-minute call from Lake Villa to Chicago would be reduced 24 percent, from 94 cents to 71 cents.

While the size of flat-rate calling areas would be reduced, so would the charges for that service. Suburban customers make about seventy percent of their calls within this proposed flat-rate area. Charges for calls to neighboring communities would be based on the length of the call.

We also would offer a 25 percent discount on calls made between 9 p.m. and 8 a.m. daily and introduce volume discounts.

What we are proposing is fair. Customers would pay only for the service they use — no more and no less.

Not Building Issue

Editor:

To me, the most startling fact surrounding the June Warren Township High School referendum was that less than half of the eligible voters actually voted. This was so in spite of the large amount of money involved and the considerable publicity and emotion associated with the issue. The NO vote, which has been touted as a mandate by the anti-education forces, was in fact, only approximately 25 percent of the total potential votes. This was virtually the same percentage of NO votes cast in the last Warren School referendum in 1981. Neither was a mandate. It was a clear case of a minority, single-minded, very vocal and very, very well-financed, dictating their views upon the silent majority.

We need not let this happen again. In the Nov. 5 school board election, four of the seven board positions will be filled. The newly elected board members will determine the tone and direction of our entire educational program for several years to come.

This is not simply a building issue. That decision has been made. The current board has agreed upon and obtained all of the necessary funding approvals to carry out a plan which, although requiring some compromise from all sides, should serve educational programs very well for many years to come. What we need now are individuals on the board who are dedicated to the improvement of the entire educational system, not who seek to weaken it.

Next Center Site Likely Will Be Rollins-Rte. 83

by BILL SCHROEDER

Lakeland's next major shopping center development likely will occur at an intersection where there already is considerable commercial activity—the intersection of Rte. 83 and Rollins Rd.

The intersection brings together a high volume of traffic from all points of the compass. And now highway engineers are poised to eliminate a major headache to improve both safety and movement. That's the inconvenient deadend of Hainesville Rd. into Rollins that further complicated conditions already complicated by the Soo Line tracks running parallel to Rte. 83.

Lake County Hwy. Supt. Martin Buehler reported that the county and state highway dept. are teaming up on a project that will result in Hainesville Rd. being relocated 200 feet west and left turn lanes being installed for Hainesville and Rte. 83.

Construction will begin in the fall of 1986.

Typically, the highway improvements trigger development. This would mean that the quiet inquiries now being made by a development company and a Chicago law firm will reach fruition. Approximately 20 acres in the northwest corner of Rollins and the railroad tracks will be the prize.

STILL TRYING—From the deep south comes political news that Daniel DeFosse still is trying to find a niche in politics. Now a student at Southern Illinois University

Carbondale, DeFosse, 39, a former resident of Antioch, reportedly will oppose Congressman Kenneth J. Gray (D-2nd) in the 1986 Democratic primary.

Gray will be going after his 12th term. Now a full-time student and a business education major, DeFosse says he will campaign on a plank of getting jobs for the economically depressed area and improved educational funding. DeFosse ran unsuccessfully against Congressman Philip Crane (R-12th) in 1982.

The redoubtable Gray served from 1955 to 1975 before retiring. In a comeback for the seat vacated by Paul Simon, who successfully ran for the U.S. Senate, Gray claimed a narrow victory over Republican Randy Patchett.

NO JOKE—Voters in the 30th Senatorial Dist., which includes a good bit of Lake County, undoubtedly will see an amusing touch to one of the latest legislative efforts of State Sen. David N. Barkhausen (R-Lake Bluff). Barkhausen has introduced a bill to outlaw courthouse hustling by attorneys.

Barkhausen ran into a buzz saw of controversy when he billed the county for legal work a lot of voters felt should have been part of his legislative duties. The rhubarb cost him support in his district. Barkhausen is dead serious, pointing out that a law is necessary to support legal ethics. Good luck, Dave.

Citizens Can Get Involved In Reform Of Pesticide Laws

by ANNETTE AL-ARAJ

In a letter to the Lakeland Forum, Ms. Sally Kaden stated that she experienced fatigue, listlessness, insomnia, loss of appetite, chronic cough, shortness of breath and loss of consciousness after neighbors had their lawns sprayed by lawn "care" companies.

Poisoning from lawn chemicals such as herbicides, insecticides and fungicides can occur by touching, breathing or eating. Two commonly used lawn chemicals are 2, 4-D, a component of Agent Orange, and Dursban, an organo-phosphate derived from nerve gas which inhibits cholinesterase (an enzyme vital for nerve function).

Donald Resetar, president of his own pest control company, wrote to Forum that Ms. Kaden's symptoms are not those of pesticide poisoning. He also believes that a person can not become ill from a low-dose pesticide exposure.

Dr. William Hallenbeck, from the University of Ill. of Chicago, disagrees. He lists the above symptoms in his book *Pesticides and Human Health*. He also states: "The exposed individual may suffer adverse health effects following exposures to numerous members of a class of pesticides through diet, water, and ambient air, even though the exposure level for each pesticide was below federally defined safe tolerance levels."

Even the EPA Code of Federal Regulations 162:10 states that it is unlawful to label a pesticide safe when used as directed. The EPA also requires warnings to be listed on all pesticide labels. One Dursban label states "Repeated exposure to cholinesterase inhibitors may, without warning, cause prolonged susceptibility to very small doses of any cholinesterase inhibitor."

Dr. Ruth Shearer, a renowned consultant in genetic toxicology from Issaquah, Washington alerts us to the fact that EPA label warnings are not sufficient. She states: "Pesticides labels are still based on the lethal dose after brief exposure, and this has no correlation with the risk of low-dose cumulative or unrepairable damage, such as nervous system injury, cancer, fetal injury or loss, and mutation which may not appear for generations."

Moreover, according to the U.S. Congress, 9 out of 10 pesticides in use today were registered with health and safety testing that is non-existent, incomplete, or fraudulent!

Mr. Resetar believes that two out of every

Letters To The Editor

Not Acceptable

Editor:

We are writing this letter because of the upcoming Warren Township School board election. We had the opportunity to listen to WKRS when Jan Brennan invited all concerned citizens to an open meeting that his Fact Finding Committee would be holding that evening at the Warren Twp. Center.

My wife and I arrived at 7:30 p.m. and were greeted by some of the members of the Fact Finding Committee including Jan Brennan, Robert Koller, Gordon Shephard, Esper Petersen and their attorney Dennis Brebner. Mr. Brennan then asked if my wife and I were spies for the evening and we replied no, that we were invited to observe their meeting and their views on the upcoming election.

It should also be noted that my wife and I were the only outsiders at this meeting and we became the focal point of attention. Their meeting had no format or rules of order and the only concern was to verbally harass us and we were bombarded with questions about our position on the issues making it extremely uncomfortable for us. We were shocked at this display of rudeness since they have been guests at many of the Friends of Warren meetings which we have attended and they were always treated with respect and decorum.

If this is the type of leadership that the Fact Finding Committee wishes to put on our school board, I hope and pray that they are not elected because we feel they will only disrupt the harmony that a school board should have and ultimately deteriorate the effectiveness of the educational process for our children.

Board To Blame

Editor:

I know for a fact that letters have been written in rebuttal of the pro-referendum letters. Why aren't both sides being presented?

The school board has a responsibility to the taxpayers to keep costs down. And it should be answerable to the taxpayers. Yet, if a taxpayer asks why so much was spent on luxuries, they act insulted, as though they'd just been asked what they spend their own personal money on. The tax money is not their personal money. It's a chunk out of each of us and we should be able to insist on the sensible use of it.

It's been stated to the board that 65 percent of our town are senior citizens who cannot afford such a large tax increase. I don't believe that very many other families can either. Concern for too much taxation is not a

selfish concern. If people lose their homes because the taxes are too high, that home may not contribute to the tax rolls for quite a period of time. Then the schools will be worse off and so will our town.

The statement made many times by the people vocal for the referendum that "our children are not getting a quality education" seems to be an insult to the fine teachers we have. Art, music and sports, while nice additional courses, don't make the education the children get a "quality" one. It's the classroom teachers and basic education that make the education quality or not!

The board stated at a referendum meeting that cutting programs doesn't save that much, but it will put pressure on the people to force them to vote for the referendum. So they are using our children to get what they want. Yet they say they care about the children. You don't use someone you care about.

The board has approved large expenditures such as their personal board table (ask any child in school) and carpeting and others, none of which seem to be a needed expense.

To put more pressure on the parents, they drastically cut busing service even though the transportation fund has enough to bus the children as usual. This cut has already caused a bus accident!

This town has voted No to that much additional taxes more than once. When will the board get the message?

Remember To Vote

Editor:

A public "thank you" to Mary Grace Stern, former Clerk of Lake County, for putting our home and lives in jeopardy!

I live in an unincorporated area of Lake County and was called by the Lake County Sheriff requesting information on the location of Kendall Ave. (old Lake Vista Tr.). It seems one of my neighbors was in need of aid. Kendall Ave. is the east-west section of a half-moon shaped continuous road of which only half has retained its former name.

A little over three years ago Mary Grace instituted her new five digit addresses and street name changes in the unincorporated areas. Due to her lack of "follow through" and poor planning "we" still do not have street signs, consequently we must continue to use our old address in addition to the new addresses in emergencies!

Political Leaders Ignoring Our Water, Soil Resources

By F.T. "MIKE" GRAHAM

Nearly 40 percent of all jobs in Illinois are direct or spinoff employment related to the agricultural industry.

There are two very different problems facing the farming industry and both are man-made. The first, resulting from easy kitchen-table credit of the 70's and the reentry of millions of acres of marginal dust bowl land, ecologically vital wetland, environmentally important fence row land and hay land into row crop production and although extremely serious, is the lesser of the two. The countrywide problems with worldwide catastrophic repercussions are soil erosion and farmland conversion.

Nationwide, we are losing billions of tons of topsoil every year through erosion or the equivalent of 280 acres daily or one inch of topsoil every 12 years. Someone once said we are only ten inches or 120 years away from a vast desert...ten inches straight down. Add to this the annual conversion of 2.9 million acres of farmland to housing, roads, parking lots etc., with Illinois losing 100,000 acres annually of not just marginal land, but prime farmland.

With this as background, the shouting by gubernatorial candidates for Governor of

Illinois over one auto building plant is less than confidence building. In the big picture, 2500 jobs are really insignificant when compared to the destruction of 100,000 irreplaceable acres of prime farmland. Cars can be built anywhere, for instance Chicago, or any other high unemployment areas.

I am also certain that closer inspection will reveal that the store is being given away as attempted with Saturn to attract those auto building jobs.

In Governor Thompson's nearly 5 billion dollar "Build Illinois Program", the agriculture industry was for all practical purposes completely ignored. During Stevenson's earlier race for the office of Governor, the real critical farmland issues didn't rate even a thin splinter in his political platform. The third announced candidate has made no mention of any farmland concerns and we must assume he is no better or worse than his opponents.

Our two most vital natural resources are water and rich topsoil and our aspiring state and national political leaders still treat them like dirt.

Editor's note: Mike Graham is supervisor of Libertyville Township and an advocate of preservation of natural resources.

Proper Setting Results In Student Productivity

by AMY CHAPIN

As a public servant, I have to live with the values and morals of the public I serve every day.

I am not a policeman, fireman, garbage man or paramedic—I am a public school teacher, and my colleagues and I work every bit as hard to protect our community as the other public servants I've named.

Industrial/organizational psychologists, corporate administrators and production people that work for major companies, generally concur that working conditions can drastically affect the quality and quantity of productions. I feel this same principle can be applied to education.

In the school the students are the workers by whom we measure quantity and quality—not of production, but of knowledge. Given an atmosphere conducive to learning—including enough library books for proper research, good lighting, fewer students in each classroom, appropriate handicapped facilities, space and staff available for tutoring and the benefits of modern equipment and teaching techniques—the students of Warren Township will learn more. They will be more productive learners.

Obviously, to improve the working conditions for the students is to improve them for the teachers as well, but in a more adequate facility teachers will be able to produce more, too.

Dist. 121 is a great place to work. We have little or no racial tension or gang problems, and our students and their parents are a pleasure to deal with. If we also offer a good facility and adequate salaries, students of the future will be guaranteed the best staff available—and that means excellent education and preparation of your future leaders.

I'm convinced that most of you reading this article DO value education. You probably think back to your high school days with fond memories. Many of you may have taken classes, attended workshops, seminars or college to improve yourself in your chosen career.

The graduates of 1986 will probably grow up valuing education, too. But when they think back to their days in high school the most prominent memories they will have will be what they survived in terms of the school environment. My guess is that some day in the future when they are presented with a similar question to the one that is proposed to us now, they will favor good school facilities—because they were DENIED them. Is it necessary for us to be directly affected by something before we are willing to acknowledge a need?

Please consider these thoughts carefully before casting your ballot in the school board election Nov. 5.

Editor's note: Amy Chapin is a member of the faculty at Warren Township High School.

'Tis The Seasoning You Won't Want To Be Without

Carolina and Rose don't know each other, but their fathers have all-purpose Italian seasoning in common.

"My father made it all the time," said Rose, a librarian whose dad isn't Italian.

"My father likes to make it for salad," said Carolina, my new daughter-in-law from Montreal. Her dad is Italian.

Carolina prepared a batch one afternoon. The most difficult task is peeling and cutting up a head of garlic. The key ingredient is leftover dry red wine, which can be refilled. You just let the stuff sit and age.

You'll have to use a funnel to get the ingredients into wine bottles with skinny necks. When you pass by the bottle, placed in a dark corner, just shake it a few times.

I let the seasoning sit two weeks before using it on a green salad, mixed with a little oil. It was fine, I thought, but nothing spectacular. I returned it to the kitchen counter.

But the seasoning is versatile. You can saute onions and mushrooms in it or baste barbecue.

Two weeks later, I braised a roast in it. It really flavored the eye of the round.

Naturally, I invited Carolina for dinner. She and Tony made a meal of the roast. Lucky I'm a fast eater.

All-Purpose Italian Seasoning

Head of garlic, chopped
1 1/2 tablespoon dried parsley flakes
1 tablespoon dried oregano leaves
1/2 tablespoon dried basil leaves
1 teaspoon dill weed
1/2 teaspoon black pepper
1/4 teaspoon garlic salt
1/3 bottle (1.5 liters) dry Italian red wine

Combine flour, salt and pepper; rub over meat. In Dutch oven, melt shortening and brown meat on medium heat. Spread horseradish over top half of meat, return to pot, add seasoning, reduce heat to medium low, cover and cook three hours, turning and basting occasionally. Slice thin. Top with juices. Serves six to eight.

Add garlic, herbs and seasonings to wine, screw on cap, shake and let stand in dark place until ready to use. Secure cheesecloth over mouth of bottle before pouring.

Bradley Offers Program To Enhance Relationships

Bradley Counseling Center in Lake Villa is now offering information and registration for an innovative video-based program designed to enhance child/parent relationships.

Called Active Parenting, this series of 10 two-and-one-half hour video-based and group discussion segments, exemplifying all aspects of child and teen rearing problems, has been utilized throughout the USA, Canada and South America.

It will be offered Monday evenings from 6:30 p.m. for parents of children between the ages of 12-16 years old. The fee is \$15 for one parent and \$20 for two parents, but scholarships are available.

Active Parenting is a parent education and training program which will help parents positively influence their children to behave more responsibly and more cooperatively and to face challenges with courage and confidence.

Parents will learn (1) methods of discipline that not only work, but teach children responsibility, (2)

important ways to enrich family life, (3) communication skills met with cooperation, (4) why reward and punishment often backfire with today's children, (5) how parents' own thoughts, feelings, and behavior often reinforce children's misbehavior, and (6) how to give children freedom with limits.

Parenting isn't the only influence on a child's development.

but it's the one thing that parents can do the most about. Ninety-seven percent of the parents completing Active Parenting courses recommend it to other parents.

Recognize and resolve your own questions about how to raise more cooperative and responsible children with a guided program in a relaxed, peer group situation. Call Bradley Counseling Center to sign up for this course.

This drawstring tote bag will be given to all new and current subscribers who act before November 15, 1985. Made of heavyweight duck material, the bag measures 12" x 16" high. It's good for kids to use carrying lunch and books to school, for bowling shoes, for knitting supplies and much more.

Dear Friend:

The year was 1978. The month October. Pope John Paul I was about to be buried and in Lake County, Great America was completing its second successful year, Woodrow Hayck retired from the Globe Department Store after 49 years and 2% milk was advertised at \$1.01 a gallon; and at the Lakeland Newspapers rising costs had prompted us to raise our subscription rates.

There have been many changes in the seven years since our last price increase, including a 150% increase in the price of the paper this is printed upon, postage increases, wage increases and increased costs for light, heat and water (to say nothing of taxes). Now for the first time in nearly seven years, we are compelled to raise our subscription and newsstand rates.

We know that increased prices are universally unpopular and upsetting to budgets. To ease this transition, during the month of October you may enter a new subscription or renew and add to your subscription at current rates... saving \$2.00 off the rates which become effective November 15, 1985.

We appreciate your patronage and confidence in the Lakeland Newspapers and promise to do our very best in bringing you current news about your neighbors in Lake County, in your schools, in your town, all along with the special features you enjoy every week.

Should you decide to beat the price increase, I welcome you to use the coupon located in this advertisement. But, please, renew or subscribe today because November 15, 1985, the new prices will take effect.

On behalf of our Lakeland Newspapers employees, I thank you for the pleasure and responsibility of providing you with Lake County's best news coverage.

Wedding

Scholtz/Pawlowski

Mary Scholtz, daughter of Walter and Jewel Scholtz, Grayslake, and John Pawlowski, son of Leonard and Audrey Pawlowski, Grayslake and Libertyville, respectively, were joined in marriage at 3 p.m. on Sept. 14 in a double ring ceremony performed by Father Harold Voss at St. Gilbert's Catholic Church in Grayslake.

The bride was given away by her father.

The maid of honor was Marlene Hreno. Bridesmaids were Melinda Willen, Beverly Greiner; Carol Scholtz, sister of the bride and Karen Pawlowski, sister of the groom.

The best man was Stephen Yogerst. Groomsmen were Mark Pawlowski, James Pawlowski, brother of the groom; Stephen Backes and Ron Rymut.

Ushers were Fred Scholtz and Scott Revolinski.

Bradley Greiner was the ringbearer and Stephen Scholtz was the altar boy.

After a reception at the Viking Hall in Gurnee, the couple left for a honeymoon trip to Cancun, Mexico. They will be making their home in Grayslake.

The bride attended Columbia College in Chicago and the College of Lake County. She is employed by Admakers and The Lake County Market Journal, both in Grayslake.

The groom attended the Institute of Broadcast Arts in Chicago and the College of Lake County. He is employed by Fretters in Highland Park.

Village's Suhr Thanks 'Angel Nurse'

by GORDON CRANDALL

Editor's Note: Gordon Crandall, a retired English and Journalism teacher and former newspaper columnist, resumes his "Personality Profiles" series of Leisure Village residents.

Not all Germans were Nazis, nor even Nazi sympathizers, during Hitler's disastrous Third Reich, asserts Erwin Suhr of Clarendon Ct. in Leisure Village, Fox Lake.

Although Erwin joined the German Wehrmacht (Army) as a volunteer in 1932 and attached to the Luftwaffe (Air Force) until the end of World War II in 1945, he never had to join the Nazi party. He says that the Army had nothing to do with the politics of Germany.

He twice fled from Russian troops. The first time was after the historic 900-day German siege of Leningrad. When the Soviet army counterattacked and drove the enemy back in 1944, later on that year Erwin was captured in Czechoslovakia and imprisoned there.

Luckily he and a friend escaped from the prison just before he was to be shipped to Siberia to work in the mines. Realizing that he would never come back alive, Suhr planned his escape, with aid of two friendly Czech girls.

His chance came when he and his buddy were working in the field outside the prison. While the two girls distracted the Soviet soldiers, the two prisoners slipped away. They crawled under a barbed wire fence, then swam across a river. A farmer gave them some civilian clothes. Then they walked west until they met American soldiers and surrendered to them.

After the Americans checked to see if he was a Nazi, then released him, Erwin went back to Jena, in Thuringia province, to find his wife, Meta, his oldest son, Manfred, and his baby son, Jürgen, who was born during a heavy bombing raid of Jena.

However, the family could not stay in Jena much longer, for the Soviet Army was advancing fast. Erwin was afraid that if the Soviets found out he was an escaped

prisoner, they would send him back to Russia.

So, leaving most of their possessions behind, he and his family walked for 21 days, first to Westphalia, then back north to the seaport of Kiel—close to a thousand miles trip, he estimates.

Erwin Suhr was born in Koenigsberg, East Prussia, in 1915. At age 17 he volunteered for the German Youth Corps, a branch of the Army, although he never joined the Nazi party.

Later he was attached to the Air Corps, doing both clerical work and aviation mechanics. He attained the rank of Chief Sergeant.

Erwin had three brothers; all ended tragically. Two were killed or missing on the Russian front—he never heard what happened to them. The other brother was held in a Soviet prison for 10 years and died soon after he was released.

He met his wife, Meta, in 1936 at a dance in Lübeck, East Prussia, where he was stationed. They were married in 1937 and made their home in Werl, Westphalia, where Meta lived during the war.

As the war moved closer and closer to Germany, food became very scarce and people were starving. Meta said that she hated to have to give the Nazi salute to the town officials when she applied for food rations. So she and other women stole vegetables from the farmers to keep from starving.

The Suhrs had two sons born in Germany. Jürgen, age 40, was actually born during an allied bombing raid of Jena. He is now a professor of Art at Illinois State University in Normal.

Their oldest son, Manfred, 47, served four years in the U.S. Army paratroopers division. He now lives in Wauconda and owns a tool and die factory in Barrington.

After the war the Suhrs managed a small grocery store close to Kiel, barely eking out a living. However, with a new Germany in ruins and a shattered economy, they aspired to go to America so that their children might have a better chance to succeed.

After being thoroughly investigated by U.S. intelligence and cleared, the Suhrs were allowed to emigrate in 1956 to Springfield, Ill., sponsored by the First Presbyterian Church there. The World Council of Churches arranged their visa.

Erwin said that leaving his home and both parents behind them was a hard decision for him and Meta, but they felt they had to do it for their children's sakes.

Erwin's parents lived for 10 years after the war in East Germany and died there. Meta's parents lived in Kiel, West Germany, and died in the 50's. Erwin also has a sister living in Leipzig, East Germany. After trying to contact her for some 40 years, he finally got a letter from her last Christmas, in which she described long lines for food supplies in that Communist state.

The Suhrs arrived in the U.S. with only one suitcase. But they received a warm welcome in our state's capitol. Erwin said there were many good people who helped them, including some Jewish people who helped them learn English and aided them financially.

According to Erwin, his first seven years in America at Springfield were the hardest. Although he had been a bookkeeper in Germany, his English was too poor to get a clerical job. So he became a construction worker by day and an

New Law Extends Relief

A new Illinois law extends "Circuit Breaker" property tax relief to thousands more disabled and senior citizens, according to State Rep. Dick (R-63rd). Klemm sponsored the measure, Public Act 84-417 (Senate Bill 258), which was signed into law by Governor Thompson.

"Up to now, 'Circuit Breaker' benefits only applied to senior citizens and disabled people with household incomes under \$12,000," said Klemm. "But inflation, coupled with cost-of-living increases in Social Security benefits, pushed many of those people out of eligibility. This new law raises the income ceiling to \$14,000, a much more realistic figure."

Klemm explained that, under the "Circuit Breaker"

program, eligible senior citizens and disabled people receive a cash grant rebate when their property taxes reach a specified portion of their personal income.

The old law restricted those benefits to persons 65 years of age or older and disabled people whose annual household income was less than \$12,000.

Public Act 84-417 amends the Senior Citizens and Disabled Persons Property Tax Relief Act and the

Pharmaceutical Assistance Act, raising that income eligibility ceiling to \$14,000 annually.

“It's outrageous to pay

Sue Warndorf, Combined Services Supervisor, coordinates the efficient operation of Skokie Federal's VISA/MasterCard department.

“It's outrageous to pay 19.8% interest on a credit card...yet so many people do. Unfortunately, most people aren't aware that they have another choice. At Skokie Federal, for example, we charge 18% interest and \$15 per year for a VISA or MasterCard. Citicorp, First National Bank of Chicago and Harris Bank all charge 19.8% interest and \$20 per year for a similar card. The choice in this case seems obvious...and in most other cases, too. Skokie Federal has among the lowest finance charges and annual fees offered anywhere.

“It's no wonder my staff and I are kept so busy. The number of customers we have keeps growing every day. Part of our success, too, is the personal attention and service we provide. At the downtown

banks there's frequently a long wait on the phone just to find someone who'll answer a billing question. Our customers know just who to call. They can be assured that their questions will be answered promptly by someone who is familiar with their account.

“I'm proud to be a part of the VISA/MasterCard team at Skokie Federal. I don't think there's a better credit card service around.”

How An Artful Dodger Became Dem Stronghold

by JOHN STEINKE

Last week we analyzed how Grace Mary Stern of Highland Park became only the third Democrat elected to a Lake County office since the Civil War. Stern defeated Republican County Clerk Truman Gerrelsen by 904 votes in 1970. This column will review Stern's two reelection campaigns.

Steinke On Politics

In 1974, Grace Mary Stern became the first Democrat ever reelected to county office. She defeated Margaret W. Metzler, executive secretary of the Lake County Republican Central Committee, by 20,686 votes. Stern lost the straight party ballots by only 1,957. She received 38,433 split tickets (70.9%) out of 54,223 cast in Lake County. In 1970, Stern carried only five out of Lake County's 18 townships. Four years later, she captured 16 out of 18 townships, losing only Cuba and Ela Twps. to her GOP opponent.

Democratic candidates across the nation fared well in 1974, and Lake County followed the trend. There was a sharp decline in the straight Republican votes. This was undoubtedly the result, in part, of the entire range of events captured under the umbrella

of "Watergate": the Agnew affair, the impeachment inquiry and Nixon's resignation, and the Ford pardon.

Added to these factors was suburban opposition to the Regional Transportation Authority (RTA) which contributed to the Republican voter apathy marking the November, 1974, elections. Buoyed by these favorable circumstances, with a party ticket led by popular candidates U.S. Senator Adlai Stevenson III and State Treasurer Alan J. Dixon, Grace Mary Stern retained the county clerk's office that she originally won in 1970.

In 1978, Stern easily won a third term as county clerk, outdistancing County Board Rep. Helen Amendola by 21,990 votes. Lake County Republicans regained some of the ground lost in the post-Watergate election of 1974. They recaptured the sheriff's office and a state senate seat from the Democrats. Despite the GOP trend in Lake County, Stern repeated her 1974 victory. Once again, she lost the straight party ballots by 10,125 votes while she captured the split tickets by 32,115. Stern garnered 56,828 split votes (69.7%) out of 81,541 recorded in Lake County. In addition, she carried 15 out of 18 townships, losing only Cuba, Ela, and Shields Twps. Stern's reelection campaigns dramatized that Democrats as well as Republicans benefit from the advantages of incumbency too.

Thus, "Amazing Grace" dodged a Republican bullet for Lake County Clerk in three consecutive elections. (Second of a series.)

Some Of The Endangered Species Making Comeback

by CHARLENE WHITNEY

Endangered species are animals that are having trouble staying alive for one reason or another.

People are crowding the wild animals out and taking more and more land away from them. Some are being hunted and others are destroyed because of waste and chemicals.

The reasons for these animals being endangered is endless, but it all points to man.

Animals that are endangered include the following: African elephant, Asian elephant, Javan rhinoceros, great Indian bustard, Asiatic lion, Asiatic buffalo, giant armadillo, jackass penguin, Komodo dragon, Dalmatian pelican, Siberian tiger, Grevy's zebra, big horn sheep, Indian python, snow leopard, giant otter, humpback whale, mountain gorilla and many more.

The American alligator is making a comeback. There are now about 800,000 in the United States.

The Arabian oryx is extinct in the wild, but you will find about 300 in the zoos.

Forty years ago, there were only 21 whooping cranes and now there are about 100.

In 1903, less than 1,000

American bison survived. Today, there are about 60,000 of them.

The giant panda is now protected from habitat destruction by a large preserve in China.

The Mongolian wild horse is extinct in the wild. They have been kept alive in zoos around the world. There are over 400 of them.

Fifty years ago, less than 100 Bontebok antelope were in Africa. Today, they have made a comeback and number 1,000.

even in the zoo.

The following animals will soon be on the endangered list: polar bear, red kangaroo, leopard, frilled lizard, pygmy chimpanzee, peacock, wolf, koala, bottlenose dolphin, emperor penguin, snowy owl, scarlet macaw, reticulated giraffe, moustached monkey, black swan, wood duck and more. Perhaps you have a couple of favorites on this list. It's hard to believe that we may never see these species of animals again or that our

Pet-Wise

All of these animals were given homes in zoos and animal preserves. Scientists have worked hard to help them to increase in number.

Still, there are more birds, animals, plants, etc. that are endangered.

Animals that are gone forever are: quagga, great auk, pink-headed duck, auroch, dodo bird, Steller's sea cow, moa and passenger pigeon. We will never see these animals again, not

children and grandchildren may never know what these animals were like.

With so many endangered animals, our world can't balance out to have our earth work. People need to speak out, voice ideas and work together to find the answers.

Call your local zoo and find out what you can do to help save our world and all these animals that offer our world beauty and balance.

County Safety Guards Come Up With Safe Ideas

An organization that is appointed by and reports to the Lake County Board has been investigating and pushing safety in many facets throughout the county for over 30 years.

The Lake County Safety Commission has been chaired by Dave Bently for the last two years.

The commission is made up of businessmen and representatives of several county agencies that are involved in various safety aspects.

Many of the businessmen, like Bently, have safety-gear backgrounds. The advisors come from the agencies such as the Lake County Sheriff's Dept., the Lake County Supt. of Schools, the Lake County Fire Chiefs Assn. and the Safety Mgrs. Assn.

The purpose of the commission is to promote safety in connection with the community, the county and the industrial sector. The organization meets once a month.

The group has gathered a library of safety films that are available for use by organizations through the Lake County Sheriff's Dept.

"We think up various safety programs, implement them through community organizations and then the organization takes over while we go back to the drawing boards to dream up new safety ideas," said Bently.

Their "Stranger Danger Program" is now being used in the Lake County School system and so are the safety poster contests.

The commission has also instituted programs where it send speakers into the high schools to talk about and promote safety in connection

with drinking and driving.

The commission is busy at work now on a program for

Poison Prevention Week, due to take place in March, 1986.

Venita Adds Backer

Wauconda Village Clerk Venita McConnel's bandwagon rolls on in her campaign for the Republican nomination for Lake County Clerk in the 1986 elections.

Another GOP precinct committeeman, Bernard Windon, has endorsed her candidacy.

Windon explained his reasons for supporting McConnel's campaign: "Her government experience coupled with her strong background in the business world lends her candidacy the name of 'know how to do the job' candidate. Her ability to work with and direct individuals in the right direction who are her subordinates is admired and acknowledged by all who ever worked with her. Her non-tiring positive approach to any task she undertakes and her toughness to stand by what she believes in is a familiar trait to all who know Venita."

Windon is a Lake Forest resident. He is a Republican precinct committeeman in West Deerfield Township. Windon is former executive director of the National Young Republicans in Washington, D.C.

McConnel and Dist. 4 County Board Rep. Donna Mae Litwiler of Ingleside are engaged in a tight race to win the Republican nomination for Lake County Clerk to oppose Democratic incumbent Linda Hess in the Nov. 1986 elections.

Double Reading

Janice Ann Tuley, 41, of New Mexico and Lindenhurst was arrested while driving south on Rte. 83 at 4:25 a.m. on Sept. 29 by Lake Villa Police Officer Jim Curtiss who noticed her car moving erratically.

She was charged with improper lane usage, no valid registration and, after taking a sobriety test that read .210, a reading that is over two times that of being legally drunk, was charged with DUI.

Carmel Sets Open House

On Sunday, Nov. 10, Carmel High School for Girls and Carmel High School for Boys will host an open house at the school located in Mundelein. Doors will be open from 2 until 5 p.m. for prospective students and their families, and for anyone else who may be interested. The open house is designed especially to help September, 1986 freshmen become acquainted with Carmel.

Carmel is a four-year Catholic High School for both boys and girls, serving all of Lake County. County-wide bus transportation for the school is provided through the cooperating school districts and the RTA.

Visitors to the open house should use the main entrances to the school at the

There's a burglar in your basement.

It's no stranger. You let it in. Trusted it. Relied on it. Basked in the warmth it provided for years. And for years, it's been robbing you blind.

You see, all gas furnaces waste money. And most of them waste a lot of money. Because most gas furnaces only work efficiently when the outside temperature is at or below freezing.

But here in northern Illinois, it doesn't get that cold nearly as often as you might think. Just thirty-six percent of the time between fall and spring.

Which means that the other sixty-four percent of the time, almost two out of every three hours, your furnace has to do a lot of stopping and

starting. And like a car, that wastes a lot of gas. Almost half of every dollar's worth of natural gas you pay for.

An electric heat pump, on the other hand, wastes nothing.

Because unlike the gas furnace, it burns nothing. Creates no heat from scratch. It simply takes the heat from the sun that's already in the air outside and brings it inside.

And unlike the gas furnace, an electric heat pump is most efficient when the temperature is above freezing. So efficient, in fact, that it gives you more BTUs of heat than you pay for, not less. Twice as many, on average.

Considering it can do that most of the time, two out of every three

hours, it makes a whole lot of sense to add a heat pump to your forced-air system. Especially since it can do one other thing your furnace can't.

It can reverse itself in the summer and become a central air conditioner. Just by flicking a switch.

Look into it.

Send for Lower Winter Bills with an Add-On Heat Pump to: Energy Information, Box 767, Chicago, Illinois 60690.

Anything else is a crime.

months in the hospital. After he returned home, he credits the T.L.C. therapy of Meta for his gradual recovery. "She nursed me back to health with her daily massages and good German food," says Erwin.

In fact, Erwin had been in a coma for two weeks from the errant injection and the doctors had not given him much chance to live. Erwin adds, "I felt if I was going to die, I'd rather die at home. So they discharged me from the hospital. Then my wife began twice-a-day massages, put me through daily exercises to get my muscles moving, fed me good food and vitamins. It was only through her heroic efforts and tireless patience that I lived. Meta was my angel nurse."

Their son, Manfred, persuaded the Suhrs to move to Leisure Village in October, 1981. Their seven room house in Chicago was getting to be too much for them to handle, so they needed a smaller home with no stairs.

They like the village most of all for its quietness and security, plus the fact that maintenance workers cut the grass, shovel the snow, and do minor repairs in their house.

However, their house is now up for sale because they want to move back to Germany. Why, this inquiring reporter asked, would they want to leave this seeming paradise called Leisure Village?

Erwin's prompt answer was that they both have acute health problems and West Germany provides more free social care for senior citizens. He also gets a workers' pension from Germany, which will supplement his Social Security checks from here.

Now it may be partly heimweh, or homesickness, that will take these wanderers back to West Germany.

NORTH AND SOUTH

Best friends Orry Main (Patrick Swayze, I.), the son of a South Carolina plantation owner, and George Hazard (James Read), the son of a Pennsylvania industrialist, find that their ways of life and dreams for the future are forever altered by history's milestones, in "North and South." The miniseries will air **SUNDAY, NOVEMBER 3, TUESDAY, NOVEMBER 5, WEDNESDAY, NOVEMBER 6, THURSDAY, NOVEMBER 7, and SATURDAY, NOVEMBER 9** on ABC.

NOVA

"Nova" cameras go behind the scenes and take a look at Hollywood's latest special-effects technology, focusing on three blockbuster films — "Return of the Jedi," "2010: The Year We Make Contact" and "Indiana Jones and the Temple of Doom," starring Harrison Ford (pictured). The episodes air **TUESDAY, NOVEMBER 5** on PBS.

THIS CHILD IS MINE

Bonnie (Lindsay Wagner) and Craig Wilkerson (Chris Sarandon) face a crisis when their adopted daughter, Tracey (Courtney Scarfuto, center), becomes the object of a lawsuit by her birth mother, in "This Child is Mine," airing **MONDAY, NOVEMBER 4** on NBC.

Need Reading Tutors

A workshop to train volunteer tutors will be presented by Literacy Volunteers of Lake County beginning Monday, Nov. 4 at the Waukegan Public Library.

The workshop will continue on Thursday, Nov. 6, Tuesday, Nov. 12 and Thursday, Nov. 14 from 6:30 to 9 p.m. Prospective tutors should plan to attend all four sessions.

Literacy Volunteers of Lake County provide training for volunteer tutors and recruit adults who want to learn to read.

Participants in the workshop may register at the Waukegan Public Library or call (312) 623-2041. Cost of the workshop is \$10 for materials.

Ensemble Presents Concert

The College of Lake County Wind Ensemble, directed by Bruce Mack, will present its first concert of the year Sunday, Nov. 3, 3 p.m., in the Orange Court of the CLC Grayslake campus.

A variety of musical styles will be presented, from the classical to the popular, including "The Universal Judgement," by De Nardis and Bernstein's "West Side Story."

Thomas Hoekstra, CLC music instructor, will guest conduct.

The concert is free and open to the public.

Hospital Award

Congressman John Porter will be at St. Therese's Hospital on Friday, Nov. 1, to present his personal recognition of the "fine work the STAR hospice is doing." Porter was one of the co-sponsors of the bill that declared November as National Hospice Month. This event will take place in the Hospice Unit on the third floor between 3:15 and 3:30 p.m. For more information, contact Ron Girard, public relations associate, at (312) 360-2609.

Jubilant Coach

Surrounded by players and fans, Coach Mike Dunn of Round Lake High accepts first place trophy emblematic of Northwest Suburban Conference football championship. Panthers shared title with Marian Central of Woodstock, each team posting 6-1 records. Marian Central's only conference loss was to Round Lake. ... Photo by Craig Vogel.

Panthers Still Champs After Bitter Defeat

by JOEL WILTBURGER

The fans came in bus loads to watch their team play one of the biggest games of the year. A win against Lake Zurich would mean an outright title, the first ever for the Round Lake Panthers (an Cinderella team in an unbelievable year).

The timing was right, the conditions were nearly perfect for the Panthers to extend their six-game winning streak. But it was not to be, as the Panthers went down in defeat 6-3 against the Lake Zurich Bears.

"We made too many mistakes," said Round Lake head coach Mike Dunn. "We lost to a good Lake Zurich team."

Despite the loss, Round

Lake (6-1) remains the Northwest Suburban Conference champion, handing co-leader Marian Central (6-1) its only conference loss earlier this year.

Lake Zurich scored on its first possession of the game with Greg Harvey's 3-yard touchdown run (kick failed). The only dent of the day against an aroused Panther defense returned the ball over consistently to the Panther offense.

Fumbles on key drives and drop passes thwarted the Panthers again and again throughout the game. The mistakes they didn't make throughout the year popped up time and again.

Round Lake's only score came on a 25-yard field goal by Dave Kaempf in the

second quarter.

The parade and pep rally went on after the game as planned in Round Lake befitting a fine team who learned how to win this year, but even more important they handled perhaps the bitterest defeat they have experienced with class and dignity.

"Who are those guys?" They are a bunch of over-achievers that played hard and well for their school and their community (Ask any coach or opponent they played this year).

The Sleeping Giant is what they were called by one Northwest Suburban coach earlier this year. And they are awakening in Round Lake.

Warren Closes Season With Defeat, 13-6

The Warren Township Varsity football team met the close of the season with defeat, losing 13-6 against Stevenson High School.

"Our mishandling the opening two kick-offs was a sign as to how the afternoon was going to go," coach Reggie Hughes said.

Stevenson scored on the first play from scrimmage from Warren's 42-yard line, followed by Warren's

fumbling of the kick-off.

"It was kind of a frustrating day," Hughes said. "Our biggest problem all year has been being unable to sustain a strong offensive."

Despite defeat, Pekeda Bennett played well - with 95 yards and 17 carries. Dave Sebastian made 11 completions for 23 attempts. Hughes said.

Sequoits In Playoffs Up Against Panthers

A charged-up Sequoit team was scheduled to face and equally charged-up Round Lake team at Round Lake as the state playoffs began on Oct. 30.

Antioch, fresh off an overtime win, 14-13, against Niles North on Oct. 26, was expecting a tough game from the Panthers, co-champs of the Northwest Suburban Conference.

"We'll have to figure out how to handle Mike Dunn's terrific defense which is the strength of the Round Lake team, along with the talent of their great field goal kicker," said Antioch Coach Steve Wapon.

But Wapon's team is no slouch when it comes to defensive playing as was seen when it took the Sequoits to the playoffs by holding a great Niles North team and especially by keeping them out of the end zone in the final minutes of the overtime.

Wapon gives tackle Larry

Rodgers and James Zoephel the most credit in that Antioch win. These were not only the two that took Niles North's runner down when he tried to win the game with a two point conversion, but Zoephel made one of Antioch's touchdowns with a 90-yard kickoff return and Rodgers, was responsible for a key interception. Steve Hansen made the other.

The game was scoreless in the first half, both defenses holding, then, with 7:21 left in the third quarter, Niles North scored and added a point after touchdown to the scoreboard.

That's when Zoephel answered Niles' score with 7:09 remaining in the third quarter.

"I think that answering a touchdown with a touchdown was the turning point of the game for us. That really helped our momentum," said Wapon.

When the game went into

overtime, Niles won the toss and elected to defend starting on their own 10-yard line. Antioch scored on the third down with a one-yard run by Pat Bruks. Don Gunther's extra point kick made the score 14-7.

Then Niles took the ball at Antioch's 10-yard line, scoring on the second down. Niles decided to go for broke with a two point conversion run but the runner drowned in Sequoit red!

When that tackle took place there was dead silence for a moment, then all pandemonium broke loose, especially among the Antioch players and fans in the stands, as they realized the Sequoits were going to the playoffs.

"We're not used to overtime wins said Wapon, adding, "It's only the second time that's happened since we've been playing."

Antioch's record stands at press time at 7-2.

The use of HCG in a weight reduction program was originally researched and developed by Dr. A.T.W. Simeons of Rome, Italy over 30 years ago. Since Dr. Simeons' early work, HCG has been prescribed in Europe for weight reduction in both men and women. The program has been successfully used in the U.S. for the last 15 years.

Indications: HCG is not approved by FDA as safe and effective for weight control. There is no substantial evidence that it increases weight loss beyond that resulting from caloric restriction, that it causes a more attractive "normal" distribution of fat, or that it decreases the hunger and discomfort associated with caloric restricted diets.

Mustangs Suffer Defeat

The Mustangs lost by 18 points to Zion-Benton in their final game of the season on Oct. 26. The score was 20-2. Zion-Benton made seven points during the first quarter when Walker had a 15-yard touchdown run.

In the third quarter, Alexander brought Zion-Benton's score up six more points on a 33-yard touchdown run. In the fourth quarter, Walker again got seven points with a 16-yard run.

The Mustangs only score came at the end of the fourth quarter when a bad snap in a punt made by Zion resulted in two points for Mundelein.

Sophs 'Make' Carmel Year

Like a script from past years, Carmel's Corsairs closed the book for the 1985 season on another 3-6 football campaign, the fifth consecutive 3-6 year under Coach Jim Rejc.

The final stanza came on a satisfying 20-14 victory over St. Joseph's Crusaders at Proviso West stadium on a warm autumn afternoon.

Everyone-Rejc, players and fans-was happy to go home with a win. Talk immediately began about the 1986 season.

As far as Carmel's gridiron supporters go, the eternal optimism is there, mainly because of a talented group of sophomores who rang up their seventh win of the season against only two defeats by drubbing the St. Joe underclassmen 23-12.

St. Joe's sophs got their only scores in the waning minutes when second and third stringers were on the field after the usual ground attack formula of Donell Foster outside and Jeff Zgonina inside produced an early lead.

Round Out Season 4-5

The Grant Bulldogs rounded out its overall record to a final 4-5 by winning the last three out of four games of the season. A 28-6 defeat over the Grayslake Rams (1-8) gave hope for next year's Bulldog team.

Grant head coach Mike Rogowski said he is hoping to win two-thirds of the games next season. His top

priority is to develop a field-goal kicker and shape up his specialty teams.

Jim Wanhalo led the Bulldog offense by gaining 118 yards in 17 carries, and running in two touchdowns. On defense, senior tackle Rob Wilson led the pack.

The Rams had only a total of three yards, while their opponents ran 278 yards offense.

Two touchdown passes during the second by Grant's quarterback, Glauser, put the pressure on the Rams. Glauser first made a 10-yard touchdown pass to Winfrey, followed by a 28-yard pass to Catalano.

The Rams scored only one time in the third quarter on a 60-yard fumble recovery made by defensive back John Lui.

Bulldogs Close With 27-11 Defeat

by JENNI PARMALEE

The Wauconda football season came to a disappointing end as the hosting Bulldogs were defeated 27-11 by the Marian Central Hurricanes, Saturday afternoon, Oct. 26.

It was during that last quarter that the defense that had been exceptional all season finally wore out. The Wauconda offense also suffered when senior quarterback Mike Payne re-injured a broken finger early in the game. "Tony (Niemo) was doing a good job," Loffredo said. "It's just easier

to call plays with two quarterbacks."

By 8:35 in the first quarter, it appeared that a rout was in the making. Marian Central had a 12-0 lead, converting on each of its first two possessions.

Hurricane quarterback Barry Chapman connected with senior tight end Keith Spengel twice with completions of 13 and 25 yards.

After senior linebacker Doug Kirk sacked Chapman in the second quarter, the Bulldogs regained their confidence. On the following drive, Wauconda moved from their own 33-yard line to within striking distance at the Hurricanes' 9-yard line.

Quarterback Tony Niemo rolled out to the left and fired a touchdown pass to senior tight end Jerry Van Dyke. Niemo found senior Paul Nibbio in the endzone for a two-point conversion. The Bulldogs trailed 12-8.

After the Hurricanes downed the punt at their own

25-yard line, senior Norm Niemo intercepted a Chapman pass to set up his own 32-yard field goal. With :05 remaining in the first half, the Hurricanes were clinging to a 12-11 lead.

This score remained until early in the fourth quarter when the Hurricanes converted on several offensive opportunities. In addition to having the wind in their favor, Marian Central took advantage of good field position.

Senior Jeff Hill scored on two consecutive Hurricane drives with touchdown runs of 27 and 11 yards, making the final score 27-11. Running backs Hill and sophomore Tom Parsley combined for 242 yards rushing for the game.

Wauconda's 3-6 finish did not illustrate the consistent effort displayed by the Bulldog team this season. "I was proud of the way the kids handled themselves," Loffredo said.

Grayslake Draws In Top Runners For Conference

Karl Wismer of Grayslake Community High School won the Varsity Boys division of the Northwest Suburban Conference Cross Country Meet held at the College of Lake County (CLC) on Saturday, Oct. 19. The fleet-footed junior covered the 3.1 mile course in 17:01 to claim his first cross country individual title.

Randy Dawson (17:12) and Mike Thomas (17:15) of NWSC champion Grant finished second and third respectively. Mike Thurtle of Wauconda was fourth (17:20). Grant's Pete Wach was the fifth individual (17:26).

The defending champion Grant easily repeated in the varsity boy's division. The Bulldogs had its scoring five in the top eight individuals to record a low 24 points.

Grayslake finished second in the overall conference standing although it slipped to third in the meet. Johnsburg moved up to third on the basis of its second place meet

finish. Round Lake fell to fourth while Wauconda finished fifth. Lake Zurich was last in the boys final standings.

Grant's Jenny Wisniewski ran away with the varsity girls individual title. Wisniewski, recorded a time of 15:00 over the water soaked 2.3 mile CLC layout.

Melanie Wolf of Lake Zurich was second in 15:28. Johnsburg's Jenny Baehne followed in third (16:07) while Donna Peeler of Round Lake finished fourth (16:13). The fifth individual was Denise Domanico of Wauconda in 16:16.

Despite the first place finish of Wisniewski, Grant had to settle for a first place tie in the final conference standings. Wauconda beat Grant 34-38 to pull into a tie for first.

Lake Zurich and Round Lake tied for third in the final conference standings. Grayslake was fifth and Johnsburg, sixth.

Skyhawks Finish On The Short End

The Johnsburg Skyhawks finished the season 2-5 in conference (2-7 overall) after losing a fourth close game this year. This time they came up short of a 13-7 score against Marengo.

Marengo up 13-0 at half-time kept the Skyhawks away from the goal line after Johnsburg pulled it together

for an early fourth-quarter touchdown. An 8-yard pass from Frank Husak to Brian Hauck (Brian Frazier's extra point) staked the Skyhawks' only points.

The Skyhawks lost two games by one point (one in double overtime against Lake Zurich) and one by three points this year.

A Look At Sports Around Lake County

By Joel Wiltberger

by JOEL WILTBERGER

The late dinners-picking them up from practice and games-taking them to practice and games-the trips to McDonalds, Burger King and Pizza Hut-the cold hot dogs and warm pop at concession stands-the sports creme and Ace bandages-and the vast amount of leftover Gatorade, has got to be on top of the list that will not be missed by parents of high school football players now that the regularly-scheduled season is over.

What will be missed is the unpredictability of the game, which is what makes it so unique and keeps me comin' back.

Take a team like the Round Lake Panthers (6-3 overall, 6-1 in conference)-the senior members of the Panthers never won more than two games a season (even in their park district football program). This year they helped bring a conference title and an IHSA playoff (first ever) to their school. Congratulations to a great bunch of over-achievers!

★★★★★

A Look Around The County:

Antioch (7-2) on a roll needed it's 14-13 overtime win against Niles North to qualify for a 5A berth in the IHSA playoffs along with Libertyville (9-0 with a 6A berth), and Zion-Benton (6-3 with a 5A berth) from the North Suburban while Northwest Suburban Champion Round Lake (6-3) also qualified for a 5A berth.

Now, here are a few predictions for Lake County teams in the play-offs (something I've always wanted to do!):

Let's see, I'll take Libertyville (9-0) over Buffalo Grove (6-3) in a squeaker. Deerfield (7-2) big over Zion-Benton (6-3) and Round Lake (6-3) to stun Antioch (7-2) on a long field goal by Dave Kaempf. This is the Panther's first play-off ever and they will be in a hungry mood at home against an old area rival.

Selling Apples At Zales Orchard

Cathy Olmsted (left) gladly passes the buck to Lindy Taylor, of Zales Orchard, in return for homemade apple jelly and apple syrup.

Zales: For Family Recreation

by STACIE ELLIS

Off the beaten path and down a winding road, the seeker of the golden apple will find more than just apples at Zales Orchard.

Located on Russell Rd. just east of Rte. 41 in Newport Township, the orchard has been in operation for the past 32 years. Helen Zales and her husband, Richard, were business partners up until he died four years ago.

Helen has been managing alone since then, but the workload is getting to be too much. She plans on moving away in about four years, to a life that "isn't such hard work all the time."

In the meantime, Linda Taylor of Tuckaway Hills horse farm has come along to help with the running of the orchard until she can afford to buy it.

Being a young entrepreneur, Taylor has big ideas for Zales Orchard which are already materializing. Her biggest conviction is to maintain a relaxed orchard for family recreation.

And family recreation it is at Zales Orchard. Pick your

own apples for \$7 a bushel or \$4 a half bushel. There are 10 varieties to choose from: golden delicious, red delicious, red gold, red Rome, Roman beauty, cortland, banana apple, jonathan, McIntosh and Japanese matsu. All the apple fixings are offered as well.

Homemade taffy apples, apple jelly and fresh apple cider are the ladies' specialties. Honey, popcorn, and maple and apple syrup are also available (not homemade though).

And to top it all off, the romantic sound of horses clopping through the leaves pulling a hayride is enough to make an Indian Summer day complete.

A group hayride, for 30 to 35 people, costs \$125; reservations must be made and can be booked for any day of the week. Hayrides are also available at \$1 per person from 11 a.m. to 6 p.m. on Saturday and Sunday. (The orchard is closed Monday and Tuesday.)

The hayride is a horse-drawn jaunt through the extensive trails behind the orchard, patrolled by mounted

forest preserve rangers. After the hayride, the group has the choice of gathering around a bonfire for hot apple cider.

In the winter, a sleigh will replace the hay wagon to take customers "dashing through the snow, in a one horse open sleigh..."

Taylor's future plans for the orchard are to build a 20-stall horse stable on the acreage behind the orchard. By next year, the stable will be available for boarding, riding and lessons.

To make hayride reservations contact Linda Taylor at (414) 843-3568, or for more information about the orchard call Helen Zales at (312) 395-3723.

Family Store Offers Tradition and Value

by SUSAN MONTGOMERY

When Rogan's Shoes moved to larger quarters last year, some longtime customers feared the store's old-time atmosphere would be lost in the expansion. Squeezing through crowded narrow aisles and sometimes an hour-long wait for service during field days conveyed the image of an old family business.

One year later, in its new location at 147 Seymour St. in Mundelein, Rogan's is still crowded with customers during back-to-school sales and other peak sale seasons.

"About the only thing that has changed is that we have a lot more space," said owner Tom Rogan. "In the old store, we had about 3,000 square feet. Now we have a

total of 9,000 square feet including display and storage areas."

While the level of inventory has increased only slightly, goods are spread out over a larger display area, Rogan said.

"The added space has made it easier for sales persons and customers to move around, especially during field days when an average back-up of 20 customers often occurs," Rogan said.

As a store dealing in high volume business, Rogan's salespersons serve between five or six customers at a time, and up to eight customers during busy sales, he said.

While the discount shoe business has been marked by the more recent arrivals

of larger chain stores, Rogan said his customers keep coming back because of the competitive low prices Rogan's offers.

"People who come here like to save money. We serve families who need to buy a lot of children's shoes and athletic shoes for their kids," he said. "A lot of independent retail businesses today are moving into the shopping malls, a major place where people buy shoes."

"We may not always have the great selection that retail stores carry, but we can beat their prices," Rogan said.

Rogan's venture into the discount shoe business began seven years ago after he finished college when informed his father, founder of Rogan's shoe stores in Wisconsin, that he wanted to join the family business. The oldest of 10 children and the first to enter the business, Rogan said it was a lark that brought him down to the Chicago area.

"It just seemed like the thing to do, so we gave it a try," he said. "We bought the old Fenwick Footwear store, which had been established here for about 25 years."

HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

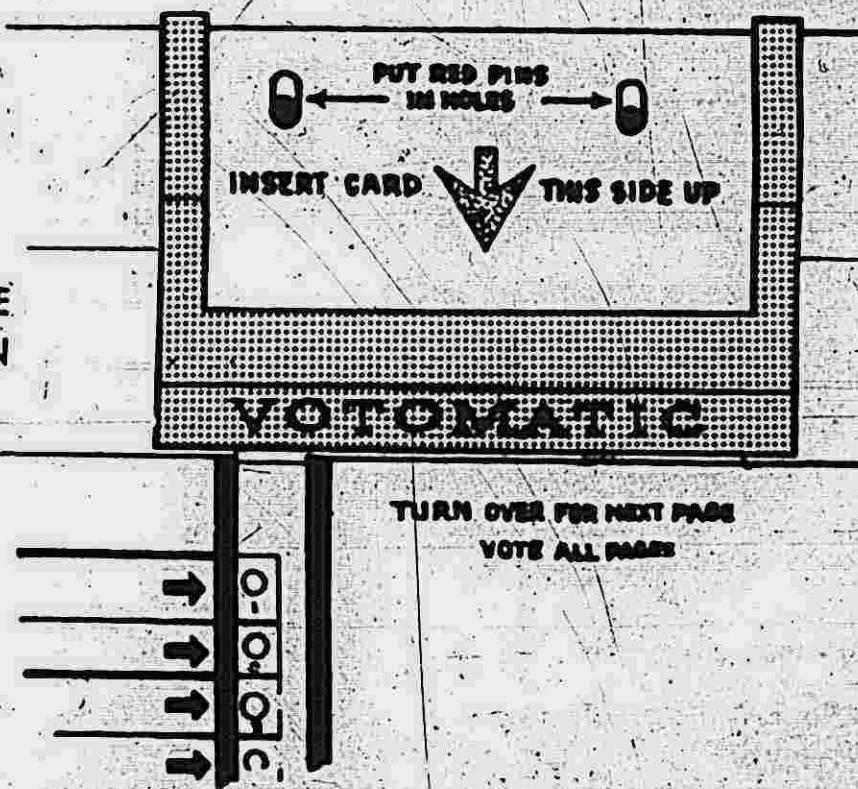

STEP 1

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.

STEP 2

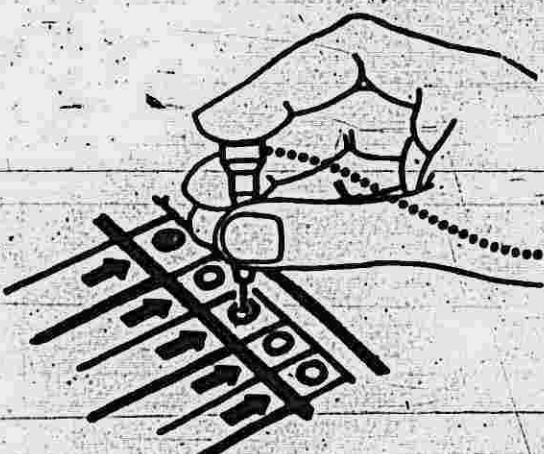

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.

THE BLACK SPOT IN THE VOTING CIRCLE SHOWS YOU HAVE RECORDED YOUR VOTE.

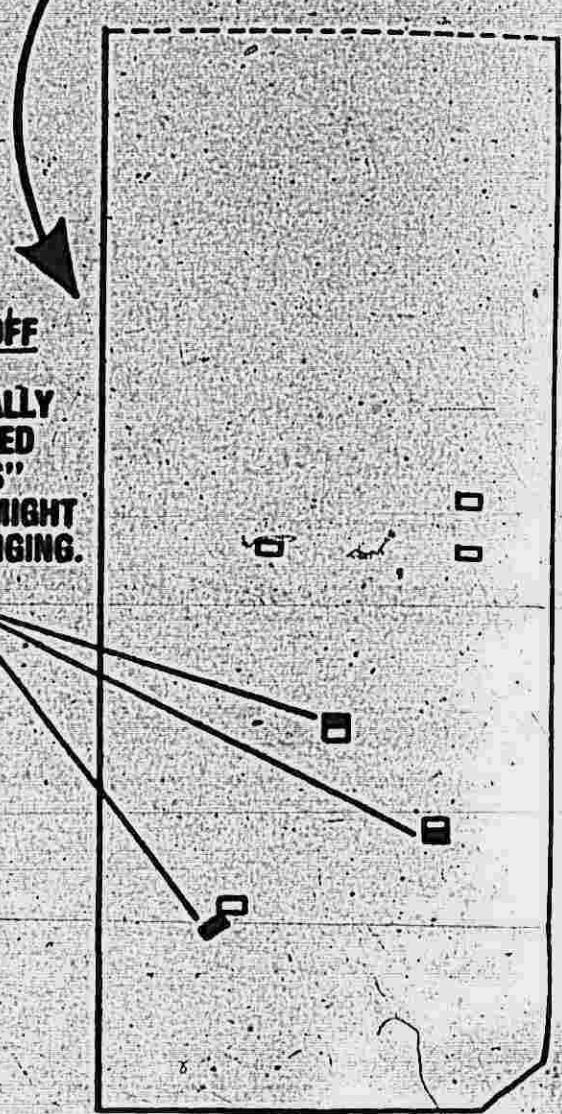

If you happen to make an error before the Ballot is placed into the Ballot Box, you may return your "Spoiled Ballot" to the Election Judges for a replacement ballot and start again.

CLEAN YOUR CARD

AFTER VOTING, REMOVE BALLOT FROM MACHINE AND EXAMINE CAREFULLY. BE CERTAIN THAT ALL HOLES ARE CLEANLY PUNCHED.

LOOK AT THE BACK OF THE CARD!

PULL OFF ANY PARTIALLY PUNCHED "CHIPS" THAT MIGHT BE HANGING.

IF YOUR PUNCHED VOTES HAVE MADE SMALL CIRCULAR HOLES, RETURN YOUR BALLOT TO AN ELECTION OFFICIAL, AND REQUEST A NEW ONE.

AFTER EXAMINING THE BALLOT CARD, FOLD SECURITY COVER OVER VOTING AREA. NOTE SPACE ON THE SECURITY COVER FOR WRITE-IN VOTES.

I hereby certify that this page and the following pages of Specimen Ballots are true and correct copies of the Official Ballots to be voted in the Non-Partisan Election to be held in Lake County, Illinois, on Tuesday, November 5, 1985.

REGISTRATION BOARDS OF COUNTY TREASURERS

ELECTION JUDGES oversee procedures in polling places. They assure that the election process is fair and lawful.

Election judges must:

- Be citizens of the United States.
- Be of good repute and character.
- Speak, read and write English.
- Be of good understanding, and capable.
- Not be a candidate for any office in the election and not be a party committeeman.
- Reside in and be entitled to vote in the precinct where serving as judge. In each precinct one judge of each party may be appointed from outside the precinct but from within the county. All judges must be voters in the county.

In national, state, county, township and municipal elections, election judges are selected by the county board or, if appropriate, the board of election commissioners, from lists furnished by the chairmen of the county central committees of

the two leading political parties. Each polling place has three judges from one party and two from another.

IN PRECINCTS under the jurisdiction of the county, the party that cast the greatest number of votes for governor in the preceding general election in that precinct is represented by three judges; the party that cast the second-highest number is represented by two judges.

In precincts under the jurisdiction of boards of election commissioners, majority representation alternates between the two leading political parties.

After election judges are selected, a report is filed in Circuit Court and the court is asked to confirm and appoint them.

IN EACH PRECINCT, at least one judge from each party must be certified as having completed a training course and examination for election judges within the preceding six months.

This course covers the duties and

responsibilities of election judges. It comprises at least four hours of instruction and examinations that test reading skills, ability to add, and knowledge of election laws governing polling places.

Election judges:

- Open and close the polls.
- Are responsible for all election materials.

CONSOLIDATION

ANTIOCH TOWNSHIP LIBRARY
757 N. MAIN ST.
ANTIOCH, ILL. 60002

ALL-FOUR-ONE = ONE-FOR-ALL

WHY SHOULD YOU VOTE YES FOR CONSOLIDATION?

• Taxes •

If you bought a house in the Round Lake Area in 1976, your property taxes have doubled. Your property values have stayed the same or gone down.

It is strange to see many of the same officials who were responsible for this incredible tax increase now claiming that consolidation will do what they have already done — raise taxes.

With or without consolidation, we will still have roads to fix and other problems to resolve.

We believe that a united community with professional planning can accomplish this more cheaply than four competing towns can.

• Planning •

Consolidation is simply the uniting of the four towns. The Committee has been criticized for not adequately planning future public works projects. We support Consolidation as the means of getting our community to properly plan future projects.

It is not good planning that has left our roads, our water system, and our storm sewers in the condition they are in.

A consolidated community, with professional planners, will correct this situation.

• Economic Development •

Communities that have a vigorous business community have lower property taxes than those that do not.

Round Lake Beach has done a better job of this than other Round Lake Towns. But even they still lag behind such smaller communities as Antioch, Grayslake, Fox Lake, and Mundelein.

As long as we are competing with each other we will not get the jobs we need out here. Nor will we get the business base we need to lower individual property taxes.

A consolidated effort will work to the benefit of us all — and get us off the tax skyrocket.

HOW MANY TIMES HAVE YOU ASKED YOURSELF...

- Why are we four towns working against each other instead of one community working for all of us?
- Why don't we consolidate and straighten our problems out?

YOU WERE RIGHT!

... We can work together to solve our problems.

... We can bring Business & Industry here to increase our property values & reduce our tax burden.
